If a disaster is approaching your home, there will be specific actions you will need to take to stay safe. Your **Household Emergency Plan** will explain exactly what you need to do, where to go and who to call in an emergency.

### GET READY TIP

It's a good idea for everyone to have their Household Emergency Plan with them at all times (in school bags, handbags or work satchels).

Remember to talk to your family about understanding local risks and being prepared.
