

# MY NEIGHBOURHOOD

Colour in the picture of your street and the different people living in your neighbourhood.

Getting to know your neighbours as a family unit is an important part of preparing your household. Neighbours can help each other in many ways.

Ways your family can get to know your neighbours:

- drop a note in your neighbours letter box
- host a neighbourhood gathering
- start a street tradition.

### REMEMBER KIDS:

Getting to know your neighbours is something you need to do with the adults in your family. Never go to a neighbour's house without a parent or guardian present or without permission.

Remember to talk to your family about understanding local risks and being prepared.
