If a disaster is approaching your home, there will be specific actions you will need to take to stay safe. Your **Household Emergency Plan** will explain exactly what you need to do, where to go and who to call in an emergency.

Visit www.getready.qld.gov.au to create your Household Emergency Plan and print a copy to keep on your fridge.

GET READY TIP

It's a good idea for everyone to have their Household Emergency Plan with them at all times (in school bags, handbags or work satchels).

Remember to talk to your family about understanding local risks and being prepared.

MY HOME PREPARATIONS

Colour in the picture of your working bee and draw all the people who will be helping prepare your home for the disaster season. Who is responsible for what jobs when it comes to preparing your home for disaster season?

Maintain your garden and home to prevent unnecessary damage caused by severe weather. There are different ways to prepare your home, depending on the disaster risks in your area. Here is a checklist to support you with your **Home Preparations**.

- Clean gutters and downpipes
- Remove garden waste
- Trim trees and overhanging branches
- Secure loose items (umbrellas and trampolines)
- Pack your Household Emergency Kit

Remember to talk to your family about understanding local risks and being prepared.

MY NEIGHBOURHOOD

Colour in the picture of your street and the different people living in your neighbourhood.

Getting to know your neighbours as a family unit is an important part of preparing your household. Neighbours can help each other in many ways.

Ways your family can get to know your neighbours:

- drop a note in your neighbours letter box
- host a neighbourhood gathering
- start a street tradition.

REMEMBER KIDS:

Getting to know your neighbours is something you need to do with the adults in your family. Never go to a neighbour's house without a parent or guardian present or without permission.

Remember to talk to your family about understanding local risks and being prepared.
