

STORMS

getready.qld.gov.au

Have you ever been in a storm? What was it like?

What do you think about storms?

How do you know when a storm is coming?

What would happen if the power/electricity stopped working at your home?

What would happen if your home was not safe to stay in?

What would happen if a storm came while you were at work, school or somewhere else?

STORMS

getready.qld.gov.au

- 1 Storms are usually a combination of wind, rain and hail, which can cause damage to your home.
- 2 Rain can make roads unsafe to drive on. Do not drive in water over the road.
- 3 Get current information about storms from the radio, television, social media or local council disaster web page.
- 4 If you need to leave home, go to a family or friend's house to stay safe. Your council may also have a centre for you to stay in.
- 5 **Get ready:** go to your local council or the Get Ready Queensland web pages to find an emergency plan you can do.
